

## Global Leadership Certificate Application Worksheet

**Program Goal Statement:**

- This program offers students the opportunity to develop the global perspective and interpersonal competencies needed for success in the emerging global workplace such as communication, team building, leadership, and project management skills. Students are able to practice these skills by engaging in service-learning or community service leadership projects, and developing strategies for applying their education to address social problems in the community.

**Requirements:**

- Students must complete either **GVT 112** or **HST 266** or substitute one of the following: **HST 111, HST 112, or HST 257**. Students are required to complete either a service-learning or community service leadership project for either the government or history course or another course in the student's program.
- Students are required to complete either **HON 295** or **PSY 271** and a service-learning or community service leadership project for it.
- Students must have completed **three 3-credit required courses or electives** within their program of study in order to fulfill the 15-credit requirement to obtain the certificate.
