Students:

As we get closer to kicking off remote learning on Monday, March 30, we want to let you know that campuses are being kept open primarily for the purpose of giving you access to computers for remote learning, if needed. If you don't have to come onto campus to use a computer or access WiFi services, we ask that you stay home. This is an important part to maintaining social distancing and flattening the curve for the spread of Coronavirus.

For the safety of everyone on campus, we ask that you please keep the following in mind if you must visit campus:

- Access is limited to students, faculty and staff only, so please bring your student ID and do not bring others (family, friends) with you to campus. No one but students, faculty or staff will be allowed in Bristol buildings at this time.
- If you’re looking for WiFi, it may be helpful to know that we have purchased additional boosters for the Fall River campus. If you prefer to stay in your car, WiFi will now be available in parking lots 4 and 5.
- On the Fall River Campus, only the Library (A building) and K building remain open to serve Bristol students, faculty and staff with technology needs at this time. Keep checking the website often for updates as this could change.
- Modified schedules are in place at each location (see below). This schedule may change as the situation evolves, so be sure to check the website for the latest information before you go -- > www.Bristolcc.edu/Coronavirus

CAMPUS SCHEDULES as of March 30
