FORM S3. LICENSURE PASSAGE AND JOB PLACEMENT RATES

	Placement Rates					
	(Class of 10)	(Class of 11)	(Class of 12)	(Class of 13)	(Class of 14)	(Class of 15)
Health Information Mangement			100% (of reported)	75%	80%	80%
Clinical Laboratory Science	80%	100%	93.00%	100% to date	80%	80%
Dental Hygiene	70%	70%	TBD	TBD	80%	80%
Nursing	80% (spring 2010) 91% (fall 2010)	95%	100% (of reported)	TBD	80%	80%
Medical Assisting	81%	62%	91%	TBD	81%	81%
Occupational Therapy Assistant	100%	100%	100% (of reported)	TBD	80%	80%

*For each licensure exam, give the name of the exam above along with the number of students for whom scores are available and the total number of students eligible to take the examination (e.g. National Podiatric Examination, 12/14). In following columns, report the passage rates for students for whom scores are available, along with the institution's goals for succeeding years.

**For each major for which the institution tracks job placement rates, list the degree and major, and the time period following graduation for which the institution is reporting placement success (e.g. Mechanical Engineer, B.S., six months). In the following, report the percent of graduates who have jobs in their field within the specified time.

Definition and Methodology Explanations

- a. Source: Health Science Division and Massachusetts Community Colleges Key Performance Indicators.
- b. CLS, Phlebotomy, HIT, Medical Assisting, and Therapeutic Massage are not mandated therefore data are difficult to track.
- c. The certification boards for Phlebotomy and Clinical Laboratory Science have merged. It is now the American Society for Clinical Pathology-Board of Certification (ASCP-BOC). The NCA no longer exists.
