

June 10, 2022

In order to reduce the cost of continuing educational opportunities among its Nursing Students, Bristol Community College (“Bristol”) enters into an agreement with Salve Regina University (“Salve Regina”) and its partner, iDesignEDU, LLC (“iDesign”).

Salve Regina is committed to creating the most cost-effective and flexible nursing degree programs in the region, while delivering the highest quality nursing education backed by CCNE accreditation. Salve Regina now proudly offers an online RN to BSN, an online Master of Science in Nursing – Family Nurse Practitioner, and an online Doctor of Nursing Practice (collectively, “online nursing programs”).

With this agreement, Salve Regina will offer a preferred tuition rate to nursing students from Bristol who are admitted to one of the online nursing programs. The preferred tuition rate will also be extended to family members of Bristol students who hold a valid nursing license and are admitted to one of the online nursing programs at Salve Regina. This partnership underscores Bristol’s commitment to the professional growth and development of its nursing students and is a benefit to all students.

Bristol will take no part in the application or admissions process of the online nursing programs, which will solely be the domain of Salve Regina. Additionally, Bristol will not be party to the financial or academic relationship between an admitted or enrolled student and Salve Regina regardless of whether that person is a Bristol student or family member of a Bristol student. This agreement simply extends the opportunity for a preferred tuition rate to Bristol nursing students or family members of employees.

To facilitate access to, and interest in, Salve Regina’s online nursing programs, Bristol agrees to designate a staff member to act as program coordinator to communicate this new partnership internally to students via email and in-person announcements. In addition, this program coordinator will help

facilitate quarterly in-person or digital interactions, where Salve Regina representatives can meet prospective students face to face to share information and answer questions.

Upon confirmation of internal communication of the program and partnership, students and family members of Bristol students will have access to the preferred tuition rates listed below. The term of this agreement shall be for one (1) year and shall automatically renew for successive periods of one (1) year, until terminated by either party, with or without cause, upon sixty (60) days prior written notice. Termination of this agreement will not affect the admission status of currently enrolled students.

Salve Regina Online Nursing Programs

- ***RN to BSN Program***
\$8,640 for Core Nursing Curriculum (30 credit hours @ \$288 per credit hour)
\$340* per credit hour for General Education courses**if needed*
- ***MSN-FNP Program***
