

IT STARTS WITH THE ARTS

“
I am firmly convinced that the community
with a strong arts commitment is the better
for it. The quality of life improves. People
have places to go, choices to make, things
to see. The benefits are a hundred-fold!
”

H. M. BOOTH

Chair of the Art Gallery Campaign Committee
and Beloved Colleague

GRIMSHAW-GUDEWICZ ART GALLERY

The Grimshaw-Gudewicz Art Gallery supports the educational mission of the college and offers opportunities for the exchange of ideas that engage and enrich our community.

Each year we develop a series of diverse exhibitions across a range of topics that are designed with an educational and multidisciplinary focus.

Exhibitions are designed to support the learning environment and create opportunities for students and the community to discover the creative process. Our goal is to introduce and to explore a variety of conventional and innovative approaches to creating, understanding and defining meaning in art objects.

We already know how to see, but learning how to decode the language of art is exciting and rewarding. Learning how to use visual thinking strategies can be extremely beneficial in many kinds of problem solving and a great reason to visit us!

VISIT US

The gallery is free and open to all. Group tours are welcome, and class visits may be scheduled at any time throughout the week. To learn more about current programming, please email kathleen.hancock@bristolcc.edu or visit our website BristolCC.edu/gallery
